FIREMEN'S RESOLUTION.

Regarding the Transportation of Apparatus to the Tournament.

At the recent annual meeting of the State Firemen's Association held in the city of Goldsboro, the following resolutions were passed with a request for the state papers to copy:

Be it resolved by the North Carolina State Firemen's Association, First, That we thank every railroad in the state, with the exception of the Southern, for courtesies extended to this association in the matter of transportation of men and apparatus to the annual tournament held in Goldsboro July 26th, 27th and 28th, 1898.

Second, That a copy of these resolutions be spread on our minutes and given to the state papers with the request that they print the same; that in view of the fact that the former rates were granted about a month ago and then revoked only a few days before the tournament, on the grounds that they were forbidden to do so by the State Railroad Commission, coupled with the fact that the chairman of the Railroad Commission has announced that they knew of no law and have made no decisions against the rates and the further fact that the same laws relating thereto are now in force under which the railroads of the state since 1891 have given these rates, we are forced to believe that the Southern railway, (the validity of which has never before been even questioned,) is not acting in good faith, but is pursuing its present course of action for the purpose of creating public opinion against certain parties whom they have long been fighting.

Third, That we desire to antagonize no man or corporation, and are acting in the interest of no man or party. But we think that the Southern railway has adopted a strange way of repaying this association for the work done—without any consideration whatever—in saving for this company thousands of dollars worth of property, sometimes at the risk of our lives, together with the thousands of dollars in insurance annually saved on account of the protection this association gives.

Fourth, That we condemn the Southern railway in this matter and will continue to do so so long as it pursues its present course.

R. D. Douglass, Ch'mn,
L. L. Chamberlain,
John L. Hare,

Committee.

This same committee introduced the following resolution in addition to the one just read:

Be it resolved by the North Carolina State Firemen's Association:

First, That we have heard with surprise and indignation that after granting to this association the usual rates for men and apparatus to the annual tournament, the Southern railway has only a few days ago, and after all arrangements were made, revoked their rates on the ground that they were unlawful and charged full freight on all apparatus, notwithstanding the fact that the other railroads of the state have granted the usual rates.

At Buffalo Last Night.

The ice cream supper at Buffalo church last night was attended by a large number of Greensboro's cyclists. It was a beautiful night and the road was excellent for bicycle riding.

The ice cream supper was a success in every respect and was largely attended by the people from the surrounding community.

Those who attended saw the novel sight of a girl kill a snake. She attacked the dreaded creeper alone and with her waiter dealt the blow that ended his life. After the beating and screaming stopped and the smoke of battle cleared away Dr. Turner, who was present, ventured near enough to make an examination (with the eye) and pronounced the snake dead. Dr. Turner was made coroner and, acting on his own knowledge of the affair, rendered a verdict of justifiable snake-slaughter.

Beginning Preparations.

A meeting of the fire department was held last night to appoint a committee to confer with committee from the Industrial and Immigration Association, the Tobacco Association and the Fruit Growers Association to decide upon a date for the tournament next year. It is the intention to have a tobacco fair, fruit fair, firemen's tournament, and a gala week in general.

The town of Wilson owns its own water works and the water rate to small consumers is ten cents per 1,000 metre gallons. At this figure the town realizes a profit, and the interesting statement is made that the price is to be reduced and water furnished at cost. There is an eloquent argument here in favor of municipal ownership of water works.—Charlotte Observer.

ARE LINING UP FOR A FIGHT

The Progress of the Porto Rican Campaign.

CITY OF ARROYO SURRENDERED

American Flag Was Hoisted in Eight Minutes—Small Body of Dons Retreat Before Americans

By Wire to THE TELEGRAM.

New York, August 4.—The following despatch has been received: Ponce, August 2, via St. Thomas—General Stone, while reconnoitering northward along the road to Arcebo with a company of the Second Wisconsin, encountered opposition at Utuado, where a small force of Spaniards had been instructed by Maceo to fight to the bitter end.

The Spanish refused to surrender, whereupon General Stone telegraphed to Adjuntas that he would push on aided by a force of natives armed with machetes.

Before the messengers left Adjuntas the Spanish force was reported to be between General Stone and Adjuntas, picketed on the trail between Adjuntas and Utuado in the heart of the mountains. As the troops can only move in singles ten men could stop a regiment.

LINING UP FOR A FIGHT.

Ponce, August 3.—Strong American forces from the north front the rear and are closing in upon Aybonito, where five thousand Spaniards are strongly entrenched to hold the road to San Juan. It is thought the decisive battle of the Porto Rican campaign will be fought there within a few days.

The Spanish army has been flanked by General Brooke who landed five thousand troops at Guayama, east of Ponce, proceeding by the military route to a position in the rear of Aybonito. The chief attacking army is now twenty-two miles from Aybonito and is steadily advancing over the main road. The retreat of the Spaniards seems to be entirely cut off.

An expedition under the command of General Stone, made a daring penetration into the interior last night with a small force. A force of Spaniards numbering over one hundred retreated in great haste. General Stone has been received enthusiastically along the route. In the harbors at Ponce and Arroyo aboard the transports are the Third Illinois, the First Ohio, the Fourth Pennsylvania, the Fifty-ninth regulars and the Thirty-second Michigan. Constant alarms come from the outposts but there is no real fighting yet.

CITY OF ARROYO SURRENDERS

Ponce, Aug. 3.—The city of Arroyo, which is on the southern coast, thirty miles east of Ponce and twenty miles nearer to San Juan, surrendered today. The Wasp and Gloucester were ordered there this morning and the inhabitants hearing of their coming, assembled on the beach, headed by Alcala and the priest.

Lieutenant Wood, of the Gloucester, went ashore shortly after 11 o'clock. The people immediately crowded about him, cheering loudly. The crowd then cleared away to allow the priest to talk with Lieutenant Wood, resulting in the intention being known that the citizens wanted American rule. Eight minutes after that the stars and stripes were raised over the custom house amid great enthusiasm. Troops were landed this afternoon in the harbor of Arroyo from the St. Louis and St. Paul, including the Third Illinois and the Fourth Ohio regiments.

The Country Lawn Party a Success.

The lawn party at Buffalo church last night was quite a success, financially and otherwise. The ladies request us to say they greatly appreciate the patronage received from the Greensboro people, and as that was their first attempt they hope all errors will be overlooked with a promise to do better next time. We are also requested to say the annual Sunday school picnic will be next week and all friends of the congregation are invited to attend and take part in an old-fashion country picnic.

A Beautiful Sight.

Yesterday afternoon the writer rode a freight train from Madison to Walnut Cove over the N. & W. road. That road runs, between those places, up the valley of Dan river and Town Fork creek, and one of the most beautiful sights we have ever seen was the splendid growing crops of corn on the fertile and broad bottom lands along these streams.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C., Aug. 4, '98. The Telegram yesterday failed to get our High Point items in time to print them, so they put in a few dots that were left over the day before. We trust this will not happen again.

The case of Geo. Hayworth who swore out a peace warrant against Oscar Little several months ago was settled yesterday by Squire Hodgins, putting Little under a two hundred dollar bond.

Fred Ingram has accepted a position in W. E. Johns grocery store.

John Scroggs who has been confined to his room for a week is out again.

The family of Mr. J. B. Banner left this morning for Mt. Airy where they will reside in the future. We regret to lose them.

A young man walked up to the pump at Jarrell's Hotel yesterday and asked how far a fellow get water out of this thing.

Rev. J. R. Scroggs is spending the day in Greensboro.

W. R. Rankin, of Matthews, Chisholm & Stroud, of Greensboro, is in the city today.

Mrs. J. H. Pou, of Raleigh, passed through this morning enroute to Blowing Rock.

H. E. Seago returned last night from the eastern part of the state.

Mrs. Geo. A. and Master George Matton left yesterday for Pittsboro to visit relatives.

Misses Maggie Slaughter and Lily Rankin spent yesterday afternoon in Greensboro.

Prof. Ganaway, of Trinity, was in the city today.

Mrs. A. A. Holton left on 36 for Culpepper, Va.

We believe we verse the sentiment of the entire party when we say that the home lyceum picnic Tuesday evening at the beautiful and hospitable home of Mr. and Mrs. W. J. Armfield at Sapona side was the most brilliant social gathering of the season. Though the weather was threatening there was about fifty of our most popular young people out who enjoyed the music, refreshments, and social chat hugely.

Hobson Passed Last Night.

When No. 38 came in last night it was met by a large crowd of our most beautiful young ladies who had gone down to meet this young hero whom they have so lately learned to love. The crowd rushed to the Pullman car Pelayo, in which Hobson and his mother were riding. But the lieutenant was asleep and no one got to see him. The crowd yelled Hobson! Hobson! "Wake him," "Come out," but Hobson did not respond. The train pulled out and left a disappointed crowd which soon dispersed. Hobson goes to New York and from there will sail for Santiago to begin his duties in raising the Spanish ships.

Race Riot in New York.

New York, Aug. 3.—A race riot between white and colored men and women in a section of the West Side known as Hell's Kitchen, last night, resulted in 28 arrests being made and a change in the appearance of the West Side police court room, this morning, from a court to a hospital. Men and women appeared with their heads bandaged, both as spectators and prisoners. The court room was crowded, as were the corridors and street in front of the building held a large and anxious crowd of both white and colored persons.

There was little evidence presented however, and all except one man, who was fined \$5, were discharged. George Maher, a white man, who said that he would not stop fighting till Hell's Kitchen was rid of negroes, was the man fined. The rioting commenced on Monday afternoon, continued that night and yesterday morning, and was resumed again last night.

Colombia Pays The Bill.

Berlin, Aug. 3.—The Congress of the republic of Colombia, it is announced in a dispatch from Bogota, the capital has unanimously resolved to deposit a sum equal to £60,000 (\$300,000) as security for the amount due the heirs of Signor Cerruti, the Italian subject whose claims against the government of Colombia were decided in his favor by President Cleveland, as arbitrator. The resolution, it is added, becomes a law in six days. It is further explained that Italy's demand for a settlement which was backed by the presence of some Italian warships at Cartagena, had not hitherto reached the Colombian government in official form.

SHAFTER TO MOVE HIS ARMY

To a Position Where There Are Healthier Conditions.

CABLE FROM SECRETARY ALGER.

Hudson Leaves Newport News With Troops for Porto Rico—Spanish Commander to be Tried.

By Cable THE TELEGRAM.

Santiago, August 3.—A meeting was summoned by General Shafter this morning at which every commanding and medical officer read a cablegram from Secretary Alger ordering him at the recommendation of Surgeon General Sternberg to move the army into the interior to San Luis where there are healthier conditions.

As a result of the conference, General Shafter will insist upon the immediate withdrawal of the army to the north. The peril of yellow fever is so dire that a council of officers opposed Secretary Alger's orders to move the troops to San Luis, but they will take immediate steps to have the troops sent to the northward.

MORE TROOPS OFF.

Newport News, August 4.—The transport Hudson cleared this morning for Porto Rico with the first detachment of the Third brigade, consisting of the First Kentucky volunteers under Colonel Castleman of the first army corps under the command of General Grant.

TRIED FOR COWARDICE.

Ponce, August 3.—The Spanish are reported to be advancing in addition to a strong force preparatory to blocking the road. The Spanish commander San Martin, who evacuated Ponce without orders, is a prisoner at San Juan. He will be tried for cowardice and will, in all probability, be executed.

INSURGENTS CAPTURE GIBORA.

One Hundred and Sixteen Prisoners Taken—Town Held by Cubans.

Key West, Aug. 3, 11:55 a. m.—Captain Del Valley Ignacio, of the insurgent forces, was brought here this morning by the gunboat Helena, which took him aboard near Tunoz de Zazo, on the south coast of Cuba, on July 25th. He reported that on July 9th General Miguel Gomez, under whom he served in the Sancti Spiritus district, of the province of Santa Clara, attacked the town of Gibora (not Gibara) with five hundred men, and after two hours' fighting, compelled the Spaniards to raise the white flag. Three dynamite shells from the Synndudley gun, he says, tore big holes in the walls of the town, killed nine Spaniards and wounded twelve. One hundred and sixteen prisoners were taken and the town is held by the Cubans. The Cuban loss was one killed and three wounded.

When Captain Ignacio left General Gomez was making plans to attack the trocha and restore communications between the eastern and western provinces.

The Helena, which has been on blockade duty for nearly a month, sank a number of the harbor tugs and lighters at Casilda, last week, and sent one little tug, the Manatee, which surrendered in preference to being sunk, to Guantanamo Bay.

The Norwegian steamer Franklin, of about 500 tons, bound from Vera Cruz, with a cargo of food supplies, was captured by the converted yacht Siren, on Monday, off Francis Key, near Calbarie, and was brought here today by a prize crew under command of Lieutenant Littlefield. She had already landed a portion of her cargo when caught.

Statement to be Doctored.

It is understood that the penitentiary authorities, frightened by the indignation of the people at the vicious refusal to give facts, have hired a lawyer to prepare a statement from doctored papers, and that it is to be given to the public as soon as it is finished. Such a paper will have no weight unless it contains a sworn statement by the superintendent and chairman of the board and directors. An opportunity is afforded experts to go to the bottom to expose the doctored figures.

The records of the democratic administration are open to the world, are regular in form. The whole force of the Russell administration is defied to show crookedness in the transactions that are known to all men.—Raleigh News and Observer.

The government receipts during the month of July amounted to \$43,847,104. The expenditures during July on account of the present war amounted to \$30,000,000.

NO FUSION IN CHATHAM.

Populists Down There Will Refuse to Support Republicans.

John W. Atwater, who is a populist from way back, down in Chatham, was at the depot yesterday waiting for his home train. He was not at all diffident when asked for the political news from his county. He declared that populists in his county would not fuse with the republicans this year. "We are tired of selling our principles," said he, "and won't do it again for anybody's say so. As silver men we cannot consistently vote for goldbugs, and will not. If there is fusion you can depend upon it there will be three tickets in the field."

"But Otho Wilson says that any one who states that the populists and republicans will not fuse is a fool," he was told. "Oh, Otho Wilson don't amount to much anyway," replied Mr. Atwater, good-humoredly.

"But Chairman Holton says there will be fusion." "As far as Chairman Holton is concerned," said the populist from Chatham, "I can say to him that we populists put life into the dead bulk of the republican party once, but if he thinks we will do it again he is mistaken. Mr. Atwater said that he did not have much of an opinion of the congressional timber in Otho Wilson. He thought Strowd ought to be nominated, and would be.—News and Observer.

THE INDICATIONS GOOD.

Yesterday ten or more democratic rallies were held in different sections of the state and the reports show large gatherings, indicating that interest is not lacking. The people seem to be aroused in regard to the present mismanagement of state affairs.

Members of the populist party who have been following the lead of the fusion bosses are thinking. The matter of prejudice is losing its grip on them, the democrats heretofore rather severe on the populists as a whole are seeing that the rank and file of that party are with us at heart, and really it looks as if there will be a sweeping victory for good government.

The good people of North Carolina want to see the laws obeyed. They not only want the law obeyed as regards petty misdemeanors, but they want to see officials in high places obey it. Every man in office is a servant of the people. Every voter in private ranks is a sovereign. The people want to get this idea and stick to it. We believe they are getting it. When every good man in North Carolina fully realizes that the man he votes for is his servant and not his boss the men elected will be bound to obey the laws in the administration of government.

When that time comes—and it is coming—there will be no open defiance of law as is now presented in the matter of the traded off superintendent of the penitentiary and the board of directors of that institution. Many of those by whose votes this ugly state of affairs was made possible, see the error of it and will refuse to be a party to such again.

The letters forming the word which was their battle cry, "reform," was all there was in it. The treacherous leaders allowed it to be nothing more than a pleasing, but empty sound. There was to be a reduction of salaries and abolition of unnecessary offices commensurate with the low price of farm products. This was a pretty bait and it fooled many. Not a salary has been reduced and instead of abolishing offices new ones have been created.

Compare the two democratic years, '91 and '93, with the fusion years, '95 and '97, and you have reform with a vengeance! Don't take our word for it but search the records and see if these figures are not about right. The legislatures (democratic) of '91 and '93 cost the state in round numbers about \$128,000; the legislatures (fusion) of '95 and '97 cost the state in round numbers about \$143,000, a difference

in favor of democratic rule of about \$15,000. Is that worth anything?

Go a little further and compare the cost of the entire state government for the years mentioned and you will find a difference in favor of the democratic administration of over \$200,000.

It is such facts as these coupled with the shame and degradation brought on the state by incompetent and corrupt officials laid before the people in the proper spirit that will turn the decency of North Carolina back to a united effort for good government.

The esteemed Winston Journal in its issue of yesterday copied in its editorial columns part of an editorial from this paper and gave credit to the Charlotte Observer. We do not kick on the paper to which the credit is given, though the Observer may not feel so highly honored; but we do claim credit for what we write. We are sure it was an error on the part of the Journal. The editorial in question was headed: "Let Decency Speak."

There is a time-honored custom among first-class newspapers of giving proper credit for editorial expressions and we may be pardoned for calling attention to this error. We wish to add in this connection that the way the Philadelphia Record, Baltimore Sun and other papers suffer at the hands of some of our editors is a shame. The Journal is not included in the list, however, we are glad to state.

COTING THIS WAY.

A Big Railroad Scheme Which Means Much for This State.

Charlotte, August 3.—"Passengers for Lenoir, Linville, Lost Hollow, Cranberry, Bristol, Big Stone Gap and all points west and northwest go aboard." The hotel porters along the line between Wilmington and Bristol, Tenn., had about as well begin practicing on a train call something like the above.

I have just secured a big piece of railroad news. It has not yet floated anywhere near the surface and I had to dive after it. It has never yet passed throughout the Mergenthalers nor run the gauntlet of a close syndicate of big capitalists and railroad builders who are mum as the steel rails they propose to lay, but my news is authentic and perfectly reliable.

A new line of railway from Big Stone Gap, Va., via Cranberry, Linville Falls, Lincolnton, Charlotte and Wilmington to Southport.

This is the great new scheme and I am prepared to say that the preliminary plans are all settled, the necessary men and money organized and the work of consolidating old lines, constructing new links, widening gauges, etc., etc., will almost immediately begin.

On last Saturday a judge of the U. S. Circuit court at Bristol confirmed a sale previously made of the South Atlantic and Ohio railroad running from Big Stone Gap to Bristol, and this road passed into the hands of a syndicate of New York capitalists. This was only a sort of a formal proceeding and of especial interest to only a few on the inside who knew that upon the confirmation of this sale hung the destiny of a great new four-hundred-mile railroad line, connecting one of the finest coal fields in the world with one of the best ports on the south Atlantic coast.

The public generally paid no attention to the sale of the little railroad, but when the confirmation of the sale was flashed over the wires, it was echoed in subdued tones in big bankers' and brokers' offices in New York, Philadelphia and Boston and it was talked about almost in a whisper by a few prominent North Carolinians. I heard the whisper and I went to work to unearth the story, and here it is:

The South Atlantic and Ohio railroad which, as stated, extends from Big Stone Gap to Bristol, forms the nucleus of the great new trunk line. At Bristol it is to be linked with a road already in operation extending from Bristol to Elizabethtown, now owned by the Pennsylvania Steel Company. At Elizabethtown, Tenn., it is to be linked into the road owned by the Cranberry Iron and Coal Company, and extending from Johnson City via Elizabethtown to Cranberry, N. C. Here it is to hook on to a new road already graded, and to be immediately equipped, extending to Pinola. From Pinola a new link is to be built crossing the Blue Ridge at Lost Hollow Gap and extending down the eastern slope of the Ridge to Collettsville in Caldwell county, where it is to be linked with the Lenoir and Collettsville road, now owned by Wamamaker and associates, of Philadelphia. At Lenoir it will tap and perhaps link itself with the Carolina and Northwestern, which will bring it to Lincolnton, where it will weld itself to the Carolina Central (the Seaboard Air Line and make a straight shoot for Wilmington and thence to Southport. The only new road to be built

to form this great coaling line of four hundred miles is a fifteen-mile link between Pinola and Collettsville via Linville, and the link between Wilmington and Southport. A glance at the map shows that this is one of the most feasible and practicable railroad schemes in the south and the wonder is that the scheme has not been promoted before.

The new line means much for North Carolina. It means much for its manufacturing interest especially, as it will put all the Piedmont and central sections of the state in direct, quick and economical connection with an inexhaustible supply of coal on the market. It turns the coke ovens of the great Cumberland range into Cranberry and our other iron ore beds, the richest in the world. It cuts the Blue Ridge at Lost Hollow Gap, passing in the shadow of Roan Mountain, on down by Linville, skirts around old Grandfather, one of the grandest mountain routes in the world; crosses the famous Johns River Valley and blazes a great industrial highway through the counties of Mitchell, Caldwell, Catawba, Lincoln, Gaston, Mecklenburg and on to the sea.

This new line will connect at Big Stone Gap with the Louisville and Nashville system. It taps the Norfolk and Western at Bristol. It cuts across the Southern system at Hickory and Charlotte. It grasps the two hands of the Seaboard at Monroe and Hamlet. It crosses the Coast Line at Pembroke and again at Wilmington, it plunges into the commerce of the outside world at both Wilmington and Southport. The scheme has been on foot for several months, but it has been kept perfectly quiet. I am on it for the first time and I have it straight. All roads involved in the deal and all the owners and managers are working in perfect accord and harmony and within a few days energetic work is to begin. There is abundant capital behind the scheme and brains enough to build half a dozen enterprises.

I expect to see in the very near future solid trains steaming through the state and passing along over the Blue Ridge through a new gap, and into the great coal fields of the Cumberland range. I expect to write upon iron furnaces, rolling mills and other industries all along the line and I expect to see merchant marines of the high seas coaling to their heart's content at Wilmington and Southport and I expect to see coal brought to the patrons and towns of North Carolina at much less than ever before.—F. B. Arendell, in News and Observer.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once." For sale by C. E. Holton.

Its time table folders cost the Boston and Maine railroad last year \$180,000. Simpler and cheaper forms are being used this year, and give, it is said, better satisfaction to the patrons of the roads.

A western paper says Colonel W. F. Cody received the name of "Buffalo Bill" from the fact that he had the contract to supply meat to the men who were constructing the Kansas Pacific railroad, and that he always gave them buffalo meat.

The Best Remedy for Flux.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me." For sale by C. E. Holton.

On Moral Grounds.
"What were those two men shooting at each other for?" asked the tenderfoot of the constable, in a new Kansas village.
"They disputed over which had done the most to improve the good morals of the town."—Detroit Free Press.

The True Remedy.
W. M. Repine, editor Tielkiwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, coughs and colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home as in it we have a certain and sure cure for coughs, colds, whooping cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a second of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at C. E. Holton's drug store.

Tumor In the Breast Cured

Six or seven years ago I had a lump
so known to come in my breast which
made it swell so much that it became
so hard I could not make a dent in
the breast. It was so painful and
caused me to suffer so that some nights
I could hardly turn in the bed or rest.
Nothing did me any good, and I was
very uneasy not knowing how it
would terminate. I used one-half
dozen bottles of Mrs. Joe Person's
Remedy, without stopping on it, and
it made a perfect cure of me. The
lump disappeared gradually and I
have never had any trouble from it
since.

A Burmese School.
The uproar was like that of a run-
away engine tearing through a tunnel.
The floor was littered with youngsters
lying on their stomachs, and all bawling
with an energy indicative that
somebody was hurting them. Long
slim, scratched upon slips of palm leaf,
the equivalent of books in Burma,
were spread before the scholars. Making
the loud shout is the approved method
of elementary instruction. When the
master discovers any lagging in lung
exercise, a long switch begins to sing
through the air. Quiet, serious study is
expended. The Burmese educationists
argue that so long as a boy is shouting
his mind is occupied. When he is silent,
he is certain to be scheming mischief.
Therefore the best shouters are the best
pupils.—Travel.

Cruel Spaniards.
Spanish officers as well as men gener-
ally incline to cruelty and treachery.
Here is a story in point, told by an ex-
cellent authority:
"In Aloala, the Guardia Civil—that
is, one of the crack troops—was after a
robber band. One of the robbers was
caught. Being promised a full pardon,
he gave away his comrades. This man
had no sooner signed the paper that
served as his death warrant for his late
friends when the officer in charge said,
'We will begin with him.' The robber
was immediately shot in the back of his
head."

In 1870 Japan was visited by a terri-
ble epidemic of smallpox, which almost
decimated Yokohama. Vaccination was
made compulsory in 1896. The Japanese
are said to have been struck with the
fact that pockmarked foreigners were
rarely seen in Japan.

County Convention.

The democratic convention for the
county of Guilford is hereby called to
meet in the city of Greensboro at the
court house, on Saturday, August 20,
1898, for the purpose of nominating
candidates for the state senate, house
of representatives, sheriff, clerk Su-
perior court, register of deeds, treas-
urer, surveyor, coroner and county
commissioners, and for the purpose of
selecting an executive committee and
for such other business as shall come
before the convention.

On Saturday, August 13th, 1898, at
2 o'clock p. m., the democrats of the
several precincts in the county will
meet at the usual places of meeting
for the purpose of selecting delegates
to the county convention, to select a
precinct executive committee and to
nominate candidates for justices of
the peace and constables for their re-
spective townships.
This, July 25th, 1898.

"President McKinley" proposed
that a commission should decide the
future government of the Philippines

Dr. W. P. Beall returned today from
Summerfield, where he went to see Rev.
T. J. Ogburn, who is quite ill with
typhoid fever. Dr. Beall says Mr.
Ogburn's condition is unimproved.

About one month ago my child
which is fifteen months old, had an at-
tack of diarrhoea accompanied by
vomiting. I gave it such remedies as
are usually given in such cases, but
as nothing gave relief we sent for a
physician and it was under his care
for a week. At this time the child had
been sick for about ten days and was
having about twenty-five operations
of the bowels every twelve hours, and
we were convinced that unless it soon
obtained relief it would not live.
Chamberlain's Colic, Cholera, Diar-
rhoea Remedy was recommended, and
I decided to try it. I soon noticed a
change for the better; by its continued
use a complete cure was brought about
and it is now perfectly healthy.—C. L.

Something to Depend On.
Mr. James Jones, of the drug firm of
Jones & Son, Cowden, Ill., in speak-
ing of Dr. King's New Discovery, says
that last winter his wife was attacked
with la grippe, and her case grew so
serious that physicians at Cowden and
Pana could do nothing for her. It
seemed to develop into heavy consump-
tion. Having Dr. King's New Dis-
covery in store, and selling lots of it,
he took a bottle home, and to the sur-
prise of all she began to get better from
first dose, and half dozen dollar bottles
cured her sound and well. Dr. King's
New Discovery for consumption,
coughs and colds is guaranteed to do
this good work. Try it. Free trial
bottles at C. E. Holton's drug store.

Clothiers and Haberdashers,

BRIEF LOCAL MATTERS.

Friday night at the court house. Don't forget the date.

New lot of fancy cakes advertised in Linau's space today.

Dr. John H. Redd, mayor of Reidsville, was in the city today.

Rev. Weston Gales, a prominent evangelist, of Raleigh, was in the city today.

Prof. F. P. Hobgood, president of Oxford Female Seminary, was in the city today.

Mrs. P. T. Wyatt, of Raleigh, passed through today returning home from a visit to Winston.

Mrs. J. A. Gilmer went to Mt. Airy last evening and will spend sometime at White Sulphur Springs.

A party of young people left early this morning for Boon's pond to spend the day pic-nicing. They went in a wagon.

The section force is at work at the crossing of South Elm street and the C. F. and Y. V. replacing the boards on the track.

The line has been dug for the south side of the new depot and asolid foundation is being made by placing cement therein.

If you cannot go to Klondike go and see the cineograph showing the gold fields of Chiklat Pass, &c., at the court house Friday night, August 5th.

The Union Sabbath Sunday School excursion train to Danville will leave tomorrow morning at 7:50. D. B. Yancey, manager. Return trip 75 cents.

Misses Mamie and Ethel Norris, of Raleigh, neices of Mr. S. B. Norris of this city, passed through today enroute to Lynchburg, Va., where they will spend sometime.

The many friends will be glad to know that Miss Nan Wood, who has been quite ill with bilious malarial fever, is now convalescing, with a fine prospect of early recovery of health.

There will be a complimentary ice cream supper given tomorrow evening on the beautiful lawn at the Tidball Place, on lower Asheboro street, and those who are fortunate enough to receive an invitation will no doubt enjoy the occasion.

In today's paper appears a new advertisement of Greensboro Female College. The excellence of the institution or its management needs no eulogy or commendation at our hands. It deserves the liberal support it has received and will continue to receive.

Two mules hitched to a wagon ran away on North Davie street today and crossed East Market into South Davie. Fred Albright, who was in the wagon held on to the lines and kept the mules from doing any damage. They were stopped at Vanstorsy's stables by Mr. Stewart.

Don't forget the Emma Gray Missionary Society cineograph entertainment at the court house Friday night where the very latest war scenes will be produced in moving figures. The battleship Maine leaving the United States harbor for Havana, Cuban war scenes and hundreds of others.

A colored private from the twenty-fourth infantry passed through on 36 today enroute to his home in Philadelphia. He was wounded in the left arm in the battle of San Juan on July 2d. He said out of his company of 75, 55 were killed or wounded. From this it may be judged that their position was a warm one.

Ladies are offered a very special bargain at Thacker & Brockmann's this week. They advertise a line of Plant's finest \$2.50 chocolate kid, laced shoes at \$1.98 pair and a line of dark tan laced shoes, almost as fine, at \$1.69. The sizes in these are somewhat broken, but by acting promptly you may secure a pair.

THE RALLY AT MADISON.

The Speeches—The Barbecue—Large Crowd Present.

The writer had the privilege of attending the democratic rally and barbecue yesterday at Madison. That quaint village we found full of people—men, women and children—who had, many of them, driven many miles to attend, the speaking and enjoy the bounteous dinner which had been prepared. The crowd was estimated, conservatively, too, we think, at 2,500. Two large tobacco warehouses were used for the accommodation of the crowd at dinner. Twenty-three hundred pounds of beef and mutton had been barbecued and with loaf bread, pickles and cake in proportion all received a plentiful supply of food.

The speaking was good and the attention paid the speaking was unusually good for the size of the crowd. In the forenoon speeches were made by Col. J. R. Webster, Hons. C. B. Watson, E. B. Jones and Col. J. M. Galloway. After dinner Ex-Governor Jarvis and Mr. A. L. Brooks addressed the crowd. Gov. Jarvis spoke over an hour and made a good speech. For good argument and sound reasoning he stands among the first speakers in North Carolina.

We failed to get there in time to hear the speeches in the forenoon, but we were informed they were all good and well received. However, for a twenty minutes talk the speech of Mr. A. L. Brooks, of the city, was a gem. His first words caught the crowd and the speech rang as clear as a bell from beginning to end. He was heartily applauded.

Mr. Chas. O. McMichael was a moving spirit in getting up this rally. He is an indefatigable worker and was in evidence on every hand. We acknowledge our indebtedness to him for courtesies extended.

We repeat, the close attention paid the speakers was remarkable. The people of Rockingham are beginning in earnest and a report in favor of good government may be expected from there in November.

Citizen Endorsed.

Editor Telegram: In your issue yesterday the communication by "Citizen" sounded the ring of the right metal. If our people will catch its inspiration and act as it suggests the splendid growth of Greensboro will be greatly augmented thereby. The tobacco branch of our industries is susceptible of growing to much larger proportions here. That interest in a near by town attained to great magnitude not alone by the efforts of the manufacturers but by concerted efforts on the part of merchants, mechanics, professional men and all "whooping it up." I know that to be true. Now let's back up "Citizen" with the moral and material support of the entire town.
